FRIDAY : : : MARCH 24.

A BILL TO INCREASE EXPENSES AND CREATE A MONOPOLY

Some one has tried to make a cat-paw of Representative J. D. Lewis, by getting him to introduce House Bill No. 120. The bill is entitled "An Act to protect life and property and the examination and licensing of engineers."

It provides for an Inspector in Chief, a Deputy Inspector and two District Inspectors, all of whom are to be paid salaries by the Territorial government. This is where it increases the public expense.

The bill also provides that every boiler in the Territory shall be inspected once a year, for which a fee of \$2 for each boiler inspected is to be charged. This is where the expenses of the owners of steam boilers are to be increased. It does not plainly appear who is to get the fees, the Government or the Inspectors; but from the general odor of graft about the bill, the probability is that the promoters thereof expect that the fees will be perquisites of office.

The bill further provides that it shall be a criminal offense for any one to operate a steam boiler, unless he holds a license so to do, issued by the Inspector. No license is required to operate a boiler which is under the jurisdiction of the Federal Government, or to operate railroad locomotives. Why a locomotive boiler does not need inspection as much as a donkey engine or an automobile boiler does not appear.

Three grades of engineers are created. It costs an engineer of the first grade \$10 a year; of the second grade \$7.50 per year, and a third grade engineer \$5 a year to be allowed to do business.

In order to secure a license, an engineer must pass an examination before the Inspector. In "The Construction and operation of steam boilers, steam engines and steam pumps and also hydraulics, under such rules and regulations as may be adopted by the Chief Inspector." The bill continues, "If the applicant is found UNWORTHY, qualified and competent," he shall receive a license.

In order to become an applicant for a license, a man must first produce a "recommendation" of two first class engineers, or one first class engineer and his employer. What a competent engineer is to do if he is out of employment, or if the engineers already licensed think that there are engineers enough, does not appear.

Section 18 of the bill makes it a criminal offense for a licensed engineer to operate a U. S. boiler or a railroad locomotive. What the object of this provision is, is likewise shrouded in mystery.

The whole bill is unnecessary and oppressive.

It is ostensibly intended to prevent boiler explosions and provide competent engineers.

It is really intended to create jobs for half a dozen people, and to create a monopoly in the engineering market.

The boiler inspection is unnecessary, if we are to judge the future by the past, for there has not been a boiler explosion in Hawaii in fifty years.

The employment of high grade engineers on every playmate little engine in the Territory is for like reasons wholly unnecessary. Where such engineers are required, the self interest of the proprietors will cause them to be employed.

The bill represents private graft at the public expense, and should be killed.

PINKHAM AT MOLOKAI.

An evening paper tries to relieve Mr. Pinkham from blame for letting Sunday's junketers mingle with their lepers kindred at Molokai in such a way as to endanger themselves and the public. It says he was "overrun."

Mr. Pinkham had the situation in his own hands and ten policemen exclusive of those at the Settlement to back him. It was within his power to keep the Kinau's boats from leaving the ship with the relatives of the patients. The captain would have taken his orders to that effect. Or, if people were let on shore he and his policemen could have made them stay within the barrier. The truth simply is that Pinkham was afraid of the Legislature and let his duty go by the board so as to keep in touch with the salary roll.

One might inquire why Pinkham, in the first place, loaded the Kinau to the danger line with people who had no official business at Molokai and were certain to prove obnoxious.

The Legislature has as much right to investigate Kalihai receiving station as it has the Molokai Settlement. Its committees should have entrance there at any and all times. The committee that Mr. Pinkham turned down did not want anything that is contrary to law and already had Mr. Pinkham's consent to go to the station, one that he subsequently withdrew. Things have come to a pretty pass if any department of our local bureau administration is held to be above the law-making body.

PINKHAM'S RESPONSIBILITY.

Pinkham did not have the situation in his own hands. He did not have control of the police squad. He did not load the Kinau down to the danger line and furthermore it might be said that he did not run the engines, collect the tickets, wait on the table or stand his trick at the wheel. The Legislature hired the ship and had full control of her. The only way that Pinkham could have done anything towards keeping the crowd off the island would have been to have provided himself with a Maxim gun and to have turned it on the boats of people as they approached the landing place.—Star.

Every mother's son or daughter among the Kinau's passengers who went ashore and embraced lepers carried a pass signed by L. E. Pinkham. Here is a copy of one:

OFFICE OF THE BOARD OF HEALTH.

Honolulu, T. H., Mar. 18, 1905.
J. D. McVeigh:
Superintendent of the Leper Settlement, Molokai.

By Order of the Board of Health, the bearer, John Jones (Male or Female), Resident of has permission to go to the Leper Settlement for days for the purpose of Legislature, and while there to be subject to the Rules and Regulations of the Board governing the Leper Settlement.

L. E. PINKHAM,
Executive Officer Board of Health,
No. 564.

Pinkham loaded the Kinau to the danger line with people bearing these passes. The policemen on board were answerable to him and were intended for use in "enforcing the rules and regulations of the Board governing the Leper Settlement." And here is the proof from the very issue of the Star which criticizes the Advertiser, vide report of Legislature inquiry, Pinkham being on the stand:

There were, said Pinkham, 413 people aboard the Kinau he understood. THEY HAD PASSES FROM THE BOARD OF HEALTH. Save for officials there was only one pass issued by the Board of Health. A heavy surf was running. He watched the surf very closely as he was acquainted with the dangers of making the landing. It was quite dark when the Kinau anchored. Later a boat started for shore only with members of the crew of the ship aboard.

Awaiting the return of the boat he REQUESTED THE POLICE ABOARD THE KINAU TO WAIT NEAR HIM. THERE WERE SIX OFFICERS AND THREE OTHERS HE COULD TRUST. THEY HAD BEEN SELECTED BY THE HIGH SHERIFF. SIX WERE SENT AT HIS (PINKHAM'S) REQUEST. His idea was that the police should follow on the boat following the Star.

The Star says that the Advertiser, in treating this Molokai matter, "is one that took Pinkham ashore."

acting like a peevish old woman with the neuralgia." May we suggest that the Star is talking like an unweaned Bulletin with the pip.

THE OFFICIAL AND COMMERCIAL RECORD

Are you interested in the laws of the present session of the Legislature?

The Official and Commercial Record publishes the laws as they come out.

In condensed form, suitable for reference and preservation. It also contains all "by authorities" and legal and public notices of every description.

The contractors and dealers in materials can find in its columns all calls for tenders, while the attorneys will get every court notice and publication which otherwise can be found only by going carefully through the columns of each and every issue of each and every paper published in the Islands. All of this matter is carefully compiled and published in the "Record" twice a week.

Now is the time to subscribe in order to get the full benefit. Two dollars per month from Hawaiian Gazette Co., Ltd., 65 King street, Honolulu.

SANG BEFORE QUEEN VICTORIA

Miss Jessie MacLachlan, the celebrated Scottish prima donna who sings in the Opera House on April 1, has had the distinguished honor of appearing twice before Her Late Majesty, Queen Victoria, by royal command. The prima donna was an especial favorite with the Queen, who was greatly delighted with her voice, and particularly with her Gaelic songs, the Queen herself being quite a Gaelic scholar. Miss MacLachlan is the proud possessor of a diamond bracelet presented to

NOTHING EQUAL TO CHAMBER- LAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY FOR BOWEL COMPLAINTS IN CHILDREN.

"We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Netherlands, Texas, U. S. A. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by all dealers and druggists. Benson, Smith & Co., Ltd., Agents for Hawaii.

MORE PAY REQUIRED

To the Legislature of the Territory of Hawaii:

We, the undersigned attorneys at law and members of the Honolulu Bar, in the interests of the citizens of this Territory, who entrust their lives, their liberties and their property to our care before the Courts of this Territory, respectfully petition your Honorable Body that the salaries of the stenographic reporters of the First Circuit Court of the Territory of Hawaii, now fixed at a sum of not less than \$200 per month each, for the reason that the lives, liberty and property interests of such citizens are dependent in every case in which an appeal might be taken, upon the speed, accuracy and correctness of the official phonographic report of the testimony of the witnesses, the objections and exceptions of counsel and of the rulings of the Court, during the progress of the trial thereof.

And we further respectfully urge that suitable legislation be enacted fixing the qualification of the applicant for such official position as an ability to report at the rate of at least 160 words per minute for five consecutive minutes, upon matter not previously written by or known to him, immediately read the same back and then transcribe the same plainly and with accuracy, before the person or persons appointed to examine such applicant.

We have the honor to submit here-with a form of bill covering such legislation.

(Signed) J. J. Dunne, F. E. Thompson, A. G. M. Robertson, Geo. A. Davis, S. H. Derby, C. F. Clemens, T. McCants Stewart, Benj. L. Marx, A. Lewis, Jr., Albert E. Judd, E. A. Mott-Smith, Henry E. Cooper, A. M. Brown, Wm. L. Whitney, D. L. Withington, Chas. S. Dole, W. L. Stanley, J. Alfred Macgown, J. Lightfoot, Lorin Andrews, P. L. Weaver, Robbins B. Anderson, M. F. Prosser, Sam. F. Chillingworth, E. M. Watson, C. A. Galbraith, A. S. Humphreys, C. F. Peterson, H. Holmes, C. W. Ashford, C. R. Henway, A. G. Correa, Henry E. Hight, Louis J. Warren, Clarence H. Olson, Wade Warren Thayer, Wm. S. Fleming, E. C. Peters, R. W. Breckons, S. M. Ballon, Leon M. Straus, Jno. W. Cathcart, H. G. Middleitch, E. A. Doubtitt, Wm. C. Parke, William T. Rawlins, Elia A. C. Long, W. O. Smith, W. Austin Whiting, C. C. Bittling, Alfred W. Carter, L. A. Thurston, Lyle A. Dickey.

An Act Fixing the Qualifications of and Providing for an Examination of Official Reporters of the Circuit Court of the First Circuit of the Territory of Hawaii.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section I. No person shall be appointed to the position of official Reporter or Stenographer of the Circuit Court of the First Circuit, except upon satisfactory evidence of good moral character and without being first examined as to his competency by a Judge of such Court or by one or more members of the Bar as may be designated by such Judge. The test of competency shall be as follows: The party examined must write in presence of the examiner at the rate of at least one hundred and sixty words per minute for five consecutive minutes, upon matter not previously written by or known to him, immediately read the same back and transcribe the same plainly and with accuracy. If he pass such test satisfactorily the applicant shall be furnished with a written certificate of that fact signed by the examiner, which said certificate shall be filed among the records of the Court.

Section II. This Act shall take effect and be in force from and after its passage.

To the Legislature of the Territory of Hawaii.

Gentlemen: We, the undersigned Judges of the First Circuit Court of the Territory of Hawaii, earnestly recommend and urge that your Honorable Body fix the salaries of the official reporters and stenographers of the First Circuit Court of the Territory of Hawaii at a sum not less than Two Hundred Dollars per month each.

We are satisfied that efficient and capable reporters cannot be secured for a less sum, as the work is so arduous that it demands sustained mental and physical effort covering periods of time that cannot be met except by highly skilled and first-class reporters. It is true that during the past year the reporters of this circuit have been performing efficient service at a salary of \$150 per month, but such services have been rendered and the incumbents have continued to hold their offices merely because and by reason of the fact that it was understood that a recommendation would be made at this session of the Legislature to fix the salaries of official reporters at what they had been prior to the reduction at the special session of the Legislature and that the reduction then made was to be temporary merely and for the purpose of confining all expenditures to a sum which would not in the aggregate exceed the total amount realized by taxation until the next regular session of the Legislature.

Experience has taught us that it is worse than useless to employ as official reporters persons who cannot sustain a continued speed of at least one hundred and sixty words per minute for five consecutive minutes, coupled with an ability to read his notes with facility, for the reason that the lives, liberty and property interests of the citizens of this Territory are dependent in every case in which an appeal might be taken upon the speed, accuracy and correctness of the official reporter in taking the testimony of the witnesses, the objections and exceptions of counsel and of the rulings of the Court during the progress of the trial thereof.

The speed above indicated is merely an average speed in court reporting, as most charges and letters and documents read during the progress of a

BIG FIRES MASTERED

Mr. Ralph S. Hosmer, the Superintendent of Forestry, yesterday afternoon received the following letter from Mr. David Haugs, who has been in charge of fighting the Wahiawa Forest Fire:

Wahiawa, March 21, 1905.

R. S. Hosmer, Superintendent of Forestry.

Dear Sir: I am sorry I have not been able to get near a telephone since I got up here—otherwise I would have kept you posted on what has been going on.

After writing my last note to you (Sunday) the fires started up in several places along the fire line. This was on Sunday afternoon. I asked Mr. Clark on Saturday evening to telephone Mr. Goodale and ask him to come up on Sunday. Mr. Goodale got up to the fire about 10 o'clock Sunday morning but I happened to be away at the other end of the burning part and did not meet him till three in the afternoon.

It was evident then that more men were required. After talking the matter over, Mr. Goodale at once consented to send Mr. George Watt, with as many men as he could get hold of. I asked for not less than 100 men. Mr. Pratt arrived at the fire about five o'clock on Monday morning with a gang of 210 men. We started them at once to clear a space 30 feet wide right around the fires. By three in the afternoon Monday, the fires were completely surrounded.

Eighty men from the Waipahu Plantation arrived about 8 o'clock Monday morning and started on the Waipahu side clearing a track along the fire line. We did not meet them until about 2 o'clock in the p. m.

Seventeen men from the Pearl City Fruit Co. arrived on Sunday night about 7 o'clock to patrol and to do what they could until the men from Waialua arrived Monday morning. Mr. Kellogg's men have also been on duty, night and day, also Mr. Clark's and Mr. Eames's men.

Mr. Watt is back this morning (Tuesday) with a small gang of men to do patrol work along the trails. There is not the least fear of the fires crossing if a guard is kept and I will see that that is done.

I got your telephone message instructing me to stay until the fires were entirely out.

We had a slight shower last night which will help us a little. I will let you know what is happening every opportunity I have.

Very truly yours,
DAVID HAUGS.

Mr. Haugs's report emphasizes the need of patrolling a fire after it is under control. This will be done at Wahiawa and the watch kept up till the danger is finally over.

Mr. Hosmer received a wireless from Mr. Geo. W. McDougall of South Kona, Tuesday morning, to the effect that the fires there were under control and being watched and patrolled. Mr. McDougall feels keenly, as do all of those who have been fighting the forest fires here of late, that there ought to be some law to hold in check those persons who set fires to burn brush in times of drought, without taking the proper and necessary precautions to prevent their spread.

This question is now being carefully considered by the Board of Agriculture and Forestry, and it is probable that some tangible results will be got before long, in the way of a forest fire law.

EIGHTY-FIFTH ANNIVERSARY

Today Fanny J. Cross is eighty-five years old and her birthday will be celebrated tonight at 7:30 o'clock in the First M. E. Church. This blind veteran has given to the Christian world nearly three thousand of the sweetest and noblest hymns ever written. Among these hymns may be mentioned: "Come Unto Me, Ye Weary," "He Feedeth His Flock Like a Shepherd," "Saved by Grace," "Pass Me Not, O Gentle Saviour," "Rescue the Perishing," "Though Your Sins be as Scarlet," "I Am Thine O Lord," "Saviour More Than Life to Me."

A very interesting program has been arranged tonight. Addresses will be made by Dr. Kincaid and the Rev. J. W. Wadman and Fanny Crosby's hymns will be sung in Portuguese, Japanese, Chinese and Hawaiian.

People of all nationalities are invited to be present at the service tonight, especially the young people of the city.

Gathered the Lays.

A Chinaman in a hencoop is a new racial combination, but it was Ah Fong and not George Washington Jackson Lincoln Jones who was found in D. Toran's henery at Liliha and School streets early this morning. Judge Whitney will tell him the price of eggs this morning.

trial are read at approximately 175 words a minute and while some testimony is given at over two hundred words a minute, yet the average of testimony, including stops and delays, approximates 160 words a minute.

(Signed) J. T. DeBolt.

First Judge.
ALEX. LINDSAY, JR.,
Second Judge.
W. J. ROBINSON,
Third Judge.

I approve of the foregoing.
A. A. WILDER,
Associate Justice, Supreme Court.

LOCAL BREVITIES

(From Wednesday's Advertiser)

Attorney C. F. Clemens and wife departed yesterday for Hilo.

Twenty-six bundles of Hawaiian leather were shipped to the coast yesterday.

Charles N. McLeod, field boss at the Kahuku plantation, leaves on the Manahua for a vacation to be spent on the mainland.

Mr. and Mrs. E. B. McClanahan and their daughter Justine are expected to return by the Sierra. They have been away from the islands for a year.

Orders have been given to J. S. McCandless to sink a well at Olua, and Mr. McCandless and his force of men left on the Kinau yesterday for the big island.

C. Charlock, secretary of the Board of Health, his brother and their families, departed on the Sonoma yesterday en route to California, to attend a reunion of the Charlock family.

Mr. and Mrs. Harry Macfarlane departed for San Francisco yesterday on the steamer Sonoma. The popular young couple were given a royal send-off by a great throng of friends who loaded them with leis.

Cashier Cooper of the First National Bank left for California yesterday where he will spend a few weeks at Bartlett Springs. Mrs. Cooper, who is on the coast seeking health, was not so well at last accounts.

F. Crowson, who departed yesterday on the Kinau for the Volcano, accompanied by Mr. and Mrs. Lasher, Miss Lasher and Miss Waterbury of New York, occupies a unique position. During the entire spring, summer and fall of the year he is a conductor on the Boston and Maine railroad, and during the winter he is a conductor of Raymond & Whitcomb parties.

Prof. A. Koebele, entomologist for the Territorial government and the planters, is now in Fiji. He arrived there by the Aorangi on February 28, and will probably leave by the next Canadian steamer due here from that place. He is in the South Seas searching for insect enemies of destructive bugs and things here.

The joint committee of the two houses of the Legislature will meet again with closed doors this morning to continue its investigation of the school department. Miss Corson, a teacher, and Dr. Rodgers, Secretary of the Board of Education, were the witnesses examined yesterday. Miss Corson told the committee about having spanked a bad girl, whose parents complained of it, and about spanking having been forbidden by the Superintendent. And at that it was a very gentle spanking—and Miss Corson thought it was needed.

(From Thursday's Advertiser)

McBryde shaded up on 'change yesterday, as did Kihel.

Kabuku Plantation Co. will pay a dividend of 60 cents a share tomorrow.

A new cattle pen, 100x35 feet, is being constructed by the Oahu Railway & Land Co. at the sea end of Railway Wharf No. 2.

H. P. Baldwin, through the Hawaiian News Co., has presented the inmates of the Baldwin Home, Kalawao, with a set of 18 band instruments.

Wm. G. Kwai Fong, challenged as a Territorial juror on the ground that his father had not completed naturalization under the monarchy, is likely to bring proceedings to determine his citizenship. A meeting of Chino-Americans will take up the matter.

Manager W. W. Goodale of Waialua plantation was in town yesterday and reported the success of the efforts to stay the progress of the Wahiawa fire. He estimates that the burned district comprises not more than 1500 acres and says some valuable koa trees were destroyed.

There were light showers in the mountains last night.

Thomas Fitch will return here by the first steamer in April.

David Haugs is still at Wahiawa and will remain there until the forest fire is entirely out.

Capt. Niblack went to Pearl Harbor yesterday in connection with lighthouse and buoy work.

Naval officers at San Francisco have received orders to go to the Asiatic station on the battleship Ohio. The warship will stop at Honolulu. The auxiliary cruiser Ranger is also ordered to Manila.

Mrs. Anna Eames of Wahiawa read an interesting paper at the Young Hotel last night on the relation of Huxley to the Times Spirit. There was instrumental music and a subsequent discussion.

Mr. and Mrs. Aug. Haneberg are going to leave the Islands in May to spend the summer at the coast. During their absence their home in Nuuanu Valley will be occupied by Mr. and Mrs. Hays.

The Colonel Humphrey who died in Washington Wednesday was not the Quartermaster General. A cablegram was received from that official at the local quartermaster's office yesterday proving that he is alive and well.

The Pacific Mail steamship Manchuria sailed from Yokohama yesterday and should arrive April 1 at this port, where she has 1500 tons of freight to discharge. There will be room for 125 passengers from Honolulu for San Francisco.

Between 2:30 and 5 o'clock this afternoon the lace designs for the prize competition will be received at the Art League rooms. Each design should bear an identification mark, with the name of the designer in separate envelope.

The Hawaiian Government Band will play at the bathing beach on Saturday afternoon from 3:30 to 5:30, instead of at Emma Square. Manager Hertsche will cover the Moana Hotel pier with an awning, where the public may listen to the music. The laws of the Hotel Annex will be open to the public by courtesy of Mr. Macfarlane.

JUNIORS TO HOLD MEET

Track and field athletics are at the present time the whole thing. The open field meet held last Saturday was a great success and although the Kams had a walk-over they were pleased so hard that every event proved highly interesting.

On Saturday next, March 25, the Boys' Club will hold their meet. Every club will be strongly represented. The following junior clubs have handed in a list of entries:

Kalauewa, Kawaiahae, Palama, Japanese Boarding School and Kam preparatory. There will be three clubs in the Senior events: Kalauewa, Kawaiahae and the Japanese Boarding School.

Each club will have its age limit. No one who is over fourteen years of age can compete for the Juniors, while eighteen years is the Senior age limit. The age question is causing a great many protests against various athletes entered.

In many respects the boys' meets will be more interesting than the open field day.

The games will begin promptly at 2 p. m., and there will only be 15 cents charged for the grand stand. Lieut. Leslie will be there with his husky stars to keep the track clean.

The Juniors and Seniors will compete in the following: 50-yard dash, 100-yard, 220-yard dash, 440-yard run, half mile run, 120-yard hurdle, broad jump, pole vault, high jump and base ball throw and running hop-step-and-jump. They both will participate in a half mile relay.

Banners will be given the successful teams and medals the successful athletes. The winners will be crowned with leis by ladies present.

The following will act as officials: Referee—Stanley Livingston. Clerk of Course—J. Rath.

Starter—J. Woods. Server—R. Hunter.

Marshal—Lieut. Leslie. Judges of Track—Hemenway, Richards, Waterhouse.

Field—Robbins, Horne, Wells.

SELF CURE NO FICTION!

MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR, but without running a doctor's bill or falling into the deep ditch of quackery, may safely, speedily, and economically cure himself without the knowledge of a second party. By the introduction of the New French Remedy, THERAPION, a complete revolution has been wrought in this department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence.

THERAPION No. 1 in a remarkably short time, often a few days only, effects a cure, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2, for impurity of the blood, scurvy, pimples, spots, blotches, pains and swellings of the joints, gout, rheumatism, secondary symptoms, etc. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3, for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of dissipation, worry, overwork, etc. It possesses a surprising power in restoring strength and vigor to the debilitated.

THERAPION

Is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapion" appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

With the Fullerton case Judge De Bolt concluded jury trials for the present term. He has cleared off all the civil cases that were ready on his calendar, besides trying a number of assigned criminal cases.

Genial "Jack" Kalakiela, court officer, is acting as Second
